“ Vande, Sande and Rick,
I just heard about John's passing from Malcolm. My heart grieves for your loss. I'm in state of shock since knowing you all have always been so actively fit and health conscious in everything.
I'll always remember John's quick wit and his great sense of humor and all the great laughs!
I remember one of our "fun" runs in Little Rock where we were all running along. .and, before i could blink, you two kicked it up a notch and left me in the dust. A vivid memory of how fit you both were at that time (and you were even teaching Water Aerobics). Seems just like yesterday, right? I loved how you both set a wonderful example to Sande and Rick about family and commitment. Looking back, I can now see where Sande picked up all his great humor when we worked together at I Care of Arkansas. Sande, you always made me laugh! And, then you passed me in getting your Masters Degree! Dang it! Just another great trait you inherited from your dad: Competitive Persistence!
Vande, What I didn't realize was that you both retired o Springdale, AR. I absolutely LOVE NW Arkansas. Having started with my first Pharma job in Fayetteville, I remember my District Manager ALWAYS calling this beautiful area of AR: GOD'S COUNTRY! He was right! And, I can see how it must have fit your lifestyle PERFECTLY! I always admired John's love of learning: thus his Real Estate endeavor and Master Botanical Gardener? Amazing!
If I were to sum up John's motto:
One thing was for sure: JOHN LIVED LIFE TO THE FULLEST! And what a PRICELESS LEGACY he has passed on to all who crossed his path. It was an honor to have known him. Sending big hugs,
With heartfelt sympathy,
Kim Miles Poynor

“ Vande, it's devastating for me to hear John passed away. He was my Roche rep and later became my Roche mentor. I got that position with Roche because of John. He was the best, taught me a lot about Pharma sales and showed me how to enjoy life! John squeezed the most life out of every day. My sincere sympathies to you and your family.
Malcolm
