“ I'm just now learning of Lawrence passing, I'm both shocked and saddened. I've known Lawrence since his early years at the university, and later we worked together for 15 years. He always put a bright spot in my day with his laugh and sense of humor. He was a great guy, and everyone who knew him loved him. My sincere condolences to the family. Ron Edwards

“ My family moved to Arkansas about 5 years ago and Mr. and Mrs. Sharp welcomed us as neighbors from the day we met. Lawrence was a great man and helped me each and every time I asked him. I am honored to have known him the last few years of his life and enjoyed the visits we had sitting on his front porch just talking about whatever came up. Our prayers are with the Sharp family for comfort during this very tough time.

“ Lawrence excelled at an ever-changing and challenging job at the University, leading literally generations of young workers over the years, all while modeling good-natured equanimity and easy grace. You could always count on Lawrence, which is saying a lot. Sincere condolences to all of his family and many friends.

“ When I started working for Lawrence in the 80s, I have one lasting memory. We were working with jackhammers removing unwanted concrete on a tunnel wall. I had been using the hammer for a long time. And I guess Lawrence could tell I was getting tired. He told me to take a break and he started working with the hammer. This impressed me him being a boss. It showed me that he would not ask anyone to do something he wouldn't do himself. I worked for Lawrence 5 years and we were a wild bunch of young men then. He was always fair in our treatment and most of the time patient with our shenanigan's. He was a great boss and I respected him very much. I work with Calvin at the Heat Plant and I see his dad in him. I will miss him.

“ My thoughts are with the entire Sharp family. I enjoyed working with Lawrence at the Physical Plant and eating his peanut brittle. He would always tell me a joke and then laugh and walk off. He was such a pleasure to work with and a wonderful person. He will be greatly missed.

“ Lawrence was a kind and gentle man. If anyone here at FAMA had cause for losing his cool it would have been Lawrence for all the pranks, jokes, and goofing off that he had to put up with from the myriad of jokers that he supervised over his many years as the Labor Shop Foreman, but Lawrence never did. I wasn't in the Labor Shop for a long time but I did know Lawrence for many years and I always had the utmost respect for him. Lawrence didn't command respect,he earned and deserved it. He treated everyone fairly and with compassion, even when it wasn't deserved.

Lawrence left a legacy and it will live on through both Kelley and Calvin.

My condolences and heartfelt sympathy for the family and many, many friends who knew and loved this truly good man. You don't find many like Lawrence anymore.
