“ *Agnes was an excellent teacher for me. I performed my surgical rotation on 600 at SMH in 1975. Agnes' willingness to share her experiences and knowledge with me helped me be a better nurse. Her passing is a loss for all of us in the profession.*

“ *Agnes was my favorite aunt. There are so many fun memories from the camping trips, dinner at the house, pop in visits with Dad, and her love toward her family. We could count on Agnes to speak without beating around the bush. My condolences.*
