“ *My sympathies are with you in the loss of Alice. I spent many days walking to and from school and home for lunch with Alice in Greensburg. She was a very kind and gentle woman and I am so glad I knew her. My deepest sympathy.*

“ *Alice was my suitemate at college; my family and I cherished her friendship through the years. About eight years ago, Alice called me after we hadn't talked for a long time. She'd taken the time to hunt me down and it came at such a wonderful time -- I'd just been diagnosed with ovarian cancer. I feel like God and Alice have always had a special connection and He asked her to help me during a difficult time. A few years ago another college friend, Cindy, and I traveled to Arkansas to visit Alice. She was able to go out to eat with us. She was so proud of her family and church and, despite her difficult circumstances, was upbeat and joyfilled.*

Please accept my condolences and know that Alice was loved by many.

“ We want to extend our deepest sympathy to Jim, Anne, Betsy and all family members. Alice came into the family later in our lives, however, she has always been admired for the grace, poise and kindness that she exhibited in her life. Rest in peace dear Alice.

“ Even though the last few years we have not been in contact, there hasn't been a time that I have not thought about Alice and all the fun and trials we have shared. She was always the sister I never had. I've known her and her family most of my life and always valued our closeness. For all the "stuff" that she went through, she was always forgiving, gracious, and a true woman of faith. We could all learn a lesson from her. "Fizz" I love you.
