“ When feeling anxious upon entering a room full of strangers, there was Ashlee. She greeted me with a warm smile and kind words putting me at ease. Ashlee greeted everyone the same way. She was always kind and friendly every time I encountered her. She will be missed! I am grateful knowing that her health has now been restored. See you in the future sweet Ashlee.

Ashlee was one of the few people I can say made me feel loved. A hug from her would make my day so much better. You will be missed and I'll see you again in heaven!

“ I’ve known Ashlee for 20+ years and she taught me so much! She loved God and loved people and walked through much suffering with a tremendous amount of grace and endurance. I visited with her this Sunday before she passed and she was already at peace in His presence. I will miss my sister here, but I know I will see her again in heaven. Ashlee, thank you for serving so many people for so many years, and letting God use you to change the lives of so many forever. See you soon!
To Randal and all the family, please know I’m praying for your peace in your healing.

“ Ashlee was one of the first people I met when I moved to NW Arkansas. She was such a delightful woman. She made me feel welcome on that day. We became instant friends. Ashlee was an inspiration to all that knew her. She was such a loving lady. I am saddened by her passing and will pray for Randal and his family at this difficult time that they may find solitude knowing she is at rest and in peace.

“ I first met Ashlee when Toby and I were just dating. We were having a garage sale at his house in Springdale. She rolled up, jumped out of her car and approached me with a smile and after being introduced asked, "Are you a friend of Bill?, " I innocently replied, "Bill who??" She and Toby looked at each other and they both burst out laughing. "I'll tell you later, " he said. After many years I became familiar with the question but I really was puzzled that day. Pam Pitch

I'm so grateful to God for putting Ashlee and Randall in my life to save me from myself. We've been such close friends ever since. I'm going to miss sharing and laughing and crying with her so much! Randall, you and I know she's dancing in the streets of gold with her children and Elvis. May God hold you in his arms and close to his heart.

Love you,

Jill
