

Baine Bryant Farmer

September 3, 1990 - April 3, 2023

Baine Bryant Farmer, 32 of Centerton departed this earth Monday, April 3, 2023 in Bentonville. He was born September 3, 1990 in Springdale, Arkansas to Eric Dwight Farmer and Toni Denette Nelson Luneau.

Baine was a passionate, devoted, loving husband, father, son, brother and funcler. He worked at Hewlett Packard in Bentonville for 10 years as a Technical Consultant. Prior to that he worked at Staples for seven years. He loved hunting so much that on opening day he got real trigger happy and killed a whole herd of deer. He and Chelsey processed deer for what seemed like forever, needless to say, their garage will never smell the same again.. He enjoyed mountain biking which turned into a riding to raise money for kids cancer; his passion was cooking but only in his infinite amount of cast iron skillet. He had a passion for spices and hot sauces and would spend hours in stores searching for just the right ones for his culinary creations. He dreamed of having his own food truck and was in the process of making it a reality. Baine never did things halfway. On opening day of deer season, he brought home 4 deer with 3 shots.

He was preceded in death by his maternal grandfather, Alvin Nelson and his paternal grandmother, Charlotte Farmer; his great grandparents, James and Inez Nelson and his longtime best friend, Trevor Warren.

Survivors include his wife, Chelsey Farmer of the home; one son, Benton Farmer of the home; his father, Eric Farmer and wife Magley of Merida, Mexico; his mother, Toni Luneau and husband Antone of Siloam Springs; one sister, Sarah Farmer of Bentonville; one nephew, Braxton Farmer of Bentonville; his maternal grandmother, Nancy Nelson of Lake Dallas, Texas; his paternal grandfather, Johnny Farmer of Fayetteville and three step-sisters, Amanda Tollett of Harrison, Arkansas and Courtney and Tabatha Luneau of Ozark, Missouri.

Funeral services will be Saturday, April 8, 2023 at 10am at Elm Springs United Methodist Church in Elm Springs.

Visitation will be Friday from 5-7pm at Sisco Funeral Chapel of Springdale.

“ Baine was such a vibrant character. My fondest memories of him will always be of us riding our bikes during the September for the Great Cycle Challenge. We would ride anywhere from 5-17 miles on our lunch breaks together along with a few other committed individuals. As a coworker, Baine would always make time in his busy schedule to help out. He was always smiling and had the most contagious laugh. My heart breaks knowing he had so much to give this world. He will definitely be missed. My heart goes out to his family and friends. I feel very blessed to have known Baine.

“ Baine was such a wonderful young man and always willing to jump in and help with anything that needed to be done. He had a wonderful heart of gold and a great attitude and loved his family immensely. We only worked together for a short time, but in that time I came to know what a wonderful person he was and was blessed to be able to call him a friend. God has called him home and he will be missed.

“ *Baine was special. He was one of those rare individuals that always brightened your day. Never was the impossible really impossible. What ever the challenge brought to him, he found a way to make it happen. Never complained, never a negative word. Always such a positive attitude and willingness to help. Loved working with him and enjoyed his sense of humor. He will be missed by many. He touched lots of hearts.*

“ *The first time I met Baine was outside of Staples. I walked out after a purchase and he stopped to talk with me. I still remember that day because I was impressed with how approachable and sharp he was. It was maybe a month later that I saw him show up at work in HP. My colleagues saw the same qualities in him because he was quickly noticed and taken under Zach Unruh's wing. We were all young and working as a close knit team in a high paced environment. The kind of experience that brings people together and turns them in to more than just colleagues, or even friends, but extended family. So to Baine's family, and extended family, I am so, so sorry. He deserved so much more in life in return for how much of himself he gave to the rest of us.*

I tried really hard to remember if there was ever a time Baine told me he couldn't, or wouldn't help. In fact, what I do recall is that he ALWAYS responded in such a positive, calming way that it was like a warm blanket saying "Don't worry, I've got you". I wish I could explain to everyone how exceptional that is for the business we were in. He had my respect, my confidence and my trust. Like the unicorn of colleagues. That's the memory of you that will stay in my heart Baine. That you could do no wrong.

“ Oh Bainer, this mamma is heartbroken. I have so many wonderful memories of you boys, always laughing and carrying on, too many to post. My favorite was watching Discovery Channel with you after school, and all of our conversations about each episode. I love you, and will be forever blessed that you were a part of my life...Until we meet again ❤️

“ I had the pleasure of working with Baine. He was a valued member of the team and had great ideas. His work ethic was fantastic and he really understand the TEAM method of success. He was a go to, get it done kind fo person and I could always count on him! I was his manager for 3+ years and also had a great friendship with him. We spent a lot of time together while I was in Arkansas. He will be missed for not only his professional contributions but his great personality and the many laughs we had. GONE TOO SOON. “ I had the opportunity to work with Baine at HP. Always so intelligent and willing to help. There was never a time he didn't add value to an assignment we worked on together. I always enjoyed working with Baine. He was fun to talk shop with and also about just anything in general. My friend, you will truly be missed. I'm glad to have spent the time with you that I did.

“ I worked with Baine at HP. I will remember him for his patience & ability to always translate the technical “mumbo jumbo” into layman's terms. He was so smart. And such an approachable guy. He will be missed by so many of us at HP.
