“ I miss you so much everyday. This world will always seem like something is missing in it for me. Time will not heal that. No matter what anyone says... I will miss you forever. Every single minute I am here without you. They keep saying it will get better. That is such a lie. I wonder why people say that. I think I am just learning to live without a huge part of my heart. The pain doesn't get better. We just learn to live with it. You keep going through the motions. We just numb that part of us. I keep breathing, even if I don't want to. That's God. I'm sure. Just wanted you to know I love you... and today sux without you.

“ I've known Barbara for 30 plus years. Her generosity and kindness and spunk will always be in my mind and heart forever. She picked me up at a time in my life when I needed someone to help me gave me a place to live and and helped me get back on my feet. When I first met Barbara it was at the ballpark thru her daughter Gena and she wasn't quite sure about me funny how life has a way of placing people where they need to be her daughter and I have been the best of friends since then. Deepest condolences to all of the family members and know that Barbara will be waiting for you when it is time for you to get your wings. ❤️

I am extremely sorry for loss of Barbara...beautiful sweet lady that was an awesome mother and grandmother to some dear friends of mine. I pray for their peace and comfort in their loss. She was so supportive in my softball years with Gena and always loved seeing and visiting with her whenever I saw her.
