“ Uncle Jake, Debbie and Johnny-

I am so sorry for the loss of Aunt Betty. It seems like there are never enough right words anyone can say to express there true deep feelings, but I am so grateful and truly blessed to have been a part of Aunt Betty's life. I have many, many precious memories that I will cherish from this day forward of all of the times I had the chance to see her and Uncle Jake at family gatherings and talk about all kinds of things together from her wood working projects that she had made and wanted me to come and see and just talking about our families, how much she loved and enjoyed all of her grand babies and how many she had and hoe many more was on the way, but in general just visiting together and talking about how much time has changed things.

I truly love her and all of you guys with all of my heart even though in time we have not had the chance to see and visit with each other but I still remember back in the days when we were living up there and how much fun and good times we all had together at family gatherings and special occasions.....I will always cherish and hold those memories close in my heart forever!!!

May God comfort and guide each one of you during this sad time in your lives and give you the strength and courage that you all stand in need of from this day forward to continue on with your lives even though a huge empty space is now there from where Aunt Betty once was that God will guide you each day to remind you when in all the right moments to continue to lean on him for strength and courage to press living our lives until that one day when all get to be reunited with Aunt Betty and all of the rest of our loved ones that have gone on before us!!!

I love you all very much!! Even thought miles may separate us in distance you will always remain close to me in my heart!

God Bless each and every one of you and your precious dear families today and each day going forward!

Love always;

Doug, Teresa, Ben and Indika Spears
