“ I met Bonnie 4 years ago while I was working at the bank. I will never forget the day I told her I was leaving the bank to persue another job, before I could tell her that I was just going to the bank right across the street, she started to cry. Immediately I had to tell her it was going to be ok, I would be just a few steps away and she said "well I must go with you" and that made me cry. She was the very first customer to follow me to my new place of employment. She was not just a customer to me. She was so much more. She always told me that she loved me when we would talk on the phone or she would come into the bank. That is not a banker/customer relationship. That is something SPECIAL! And that is exactly what Bonnie is! She is someone SPECIAL! She is like family to me and she treated me the same way. She always made everyone at the bank smile when she came in. She lit up the whole place. Everyone at Bear State Bank will miss her beautiful face so much! Your BSB team loves you Bonnie!!! Thank you for making such a huge impact in our lives that will never be forgotten.

Love you sweet lady!
