

## Charles Dale Carpenter

August 15, 1958 - August 3, 2023

Charles Dale Carpenter, 64 of Lincoln, Arkansas unexpectedly passed away August 3, 2023 at Providence St. Mary's Medical Center in Apple Valley, California while on vacation.

He was the son of Charles Claud and Betty Rosalie Carpenter. He was not married. Charles graduated from Wenatchee High School and earned his Associates Degree from Northwest Arkansas Community College. Charles worked at Kawneer for 43 years. Charles was saved and Baptized at Westside Freewill Baptist Church in Springdale, Arkansas.

Charles loved photography and he had a business where he took senior pictures, weddings, events and numerous other photographs. His photography was entered in several professional competitions in Las Vegas, Nevada. He liked to ride his bicycle and travel. Charles liked to joke around. He listened to gospel music while he was working. Charles was always the go-to person if you had a problem. We leaned on him to know the answers to all of our problems and if he didn't know the answers he always found out and made our lives easier. He loved all kids even though he didn't have any of his own. He spoiled all of his nieces, nephews and his friend's kids as much as he could. If the kids needed something and they couldn't afford to get or do it, Charles would make it happen. Charles wasn't a flashy dresser or drove a fancy car, he was more interested in helping other people.

He was preceded in death by his parents, Claud and Rosalie Carpenter.

Charles is survived by three sisters, Betty Billingsley (Perry) of Lucerne Valley, California, Kay Gage (Tommy) of Lowell, Arkansas and Rita Cheatham (Gary) of Lincoln, Arkansas; many aunts, uncles, nieces, nephews, cousins and friends.

Funeral services will be Wednesday, August 16, 2023 at 11am at Sisco Funeral Chapel of Springdale. Burial will follow in White Oak Cemetery.

Visitation will be on Wednesday beginning at 10am at the funeral home.

*Charlie was a very special person; we worked together for 38 years and became great friends. He always helped others, lending a hand or an ear, whichever was needed at the time. Our scheduling group will always cherish our "Charlieisms". Words of wisdom according to Charlie.*

*Charlie was one of the first to show me the ropes when I joined Springdale. He made working at Kawneer a pleasure. He was always so helpful and thoughtful of others. He was like everyone's big brother. I always looked forward to our daily Jeopardy trivia questions and the friendly competition. He made our days fun and lightened our load. We will miss you Charlie.*

“ Charlie was a great guy. He was the “go to” guy for many people, in fact I teased him one day that he should wear a hat with multiple sides that he could turn around depending on what he was helping with. HR for when he helped with benefit registration or health and wellness initiatives, tech support when he helped with computer or program issues, and a side that said broad shoulder for when you just came to him to lean on during a particular tough time in your life. He was my very good friend and co-conspirator and I will miss him very much! To his family, I am so very sorry for your loss but I hope you find comfort in all the words of his friends.

“ Charlie stayed in our RV here at the ranch on one of his first trips to Baker County, Oregon. We were in the process of building our house. We were all camping. We had a flash flood while he was here and it took out the road. Keith fired up the dozer and started to fix the road. Charlie wanted to drive the Cat, Keith gave him a lesson and turned him loose. He was afraid he could break it. He didn't and he actually cleared some of the road. We think he enjoyed it! It was shocking to hear of his passing. Condolences to all his family.

“ I first met Charlie about 17 years ago, and he came to know my entire family and most of my friends here in Oregon. My kids absolutely adored him. He had the patience of a saint. He was thoughtful and kind. One year, he was staying at the ranch with my parents when a flashflood hit, so he learned how to operate the cat to help dig out the driveway! He's gone too soon and we miss him. My sincere condolences to his family.
