“ *Laurinda and Marsha,
Sorry to be so long in leaving this note about your dad. I guess I didn't know these on line memorials existed until dad passed away. Your mom and dad were very special people to me. Always referred to them as my "other parents". Your dad took me fishing when I was just a kid and we talked about everything while catching blue gill under the bridge at Blue Springs. That will always be a special memory. He was very humble about his valiant military service. A very brave, kind man. He was loved and is now missed, but we will all meet again someday.*

“ *Your Dad was such a sweet and special man. I remember in high school going to your house and him being so gracious and loving to all of us. I know the pain and grieve you both are going through and I pray that God gives you the comfort you need to get you through the next steps in your life. Remember we will see our parents again in eternity in just a little while. I'm praying for you both.*
