“ *Well, what can I say about that great woman, that those of us who were lucky enough to know her, don't already know. My grandma was a very special kind of lady. She was one of a kind. She was always ready for a hug, no matter what. I remember when I caught a toad outside of her and my granddad's place in Altus and I brought it in to show her. I stood behind her chair and reached over, holding the toad right in front of her face. She jumped out of her chair, like it was on fire and got after me. LMAO!! The whole family was cracking up!! To this day I am still surprised she didn't ring my neck (hahaha). I will miss her, greatly, but luckily I know this is not goodbye but I'll see you later.*

“ Page - I was so sorry to hear about the loss of your wife. Jennie told me about it yesterday. Although we never had the opportunity to know her, we know you and if you selected her as your wife she must have been a great lady.

Please let me know if there is anything we can do for you during this time.
