“ Cordella welcomed me into her home more times than I can count. I have such strong memories of her beautiful Avon bottles and her holiday tree she decorated for every holiday. I remember how patient she was with everyone she met or spoke to. I remember going to church with the whole family on Sunday mornings and going to so many family gatherings that I felt like part of the family. My heart is just broken that the world has lost such a loving, and truly kind and gracious woman. I am devastated for the loss that her family is feeling without her in this world. I truly, truly wish that I could be there now to honor her memory and share in the love for her. My prayers are with you all.
