Dan was compassionate whether working with patients, helping friends or spending time with family. He will be remembered for his welcoming nature.

He was preceded in death by his first wife, Suzanne Riner; two sons, Matthew Riner and Thomas Riner, and one granddaughter, Alexis Riner.

He is survived by his wife Gay Riner of the home. Out of 3 doctors, he was the only one who suspected I had Rocky Mountain spotted fever in 2017. When he suggested it I just laughed and said, "No, I'm pretty sure it's just mono." So we did the spectrum of tick-borne illnesses lab work plus a mono test just for me. Dr. Riner himself called me a few days later to say, "It's RMSF."

I am so sorry for the family's loss and Arcare's loss of this caring man and doctor. My thoughts and prayers are with his family.

“ Dan was a role model as a parent. We first met Dan in the 80's as soccer parents. We had 2 boys in different age groups. So that meant 2 separate practices and 2 games every Saturday in Fall & Spring. Then we met Dan and Suzanne, who had all 4 children in soccer. Same with all other youth sports. Dan was always there and always helping.

His family is in our prayers. May you have peace and comfort in your memories.
