“ Dan was such a nice guy. I knew him through his role at the VA in Fayetteville. He talked with me several times when I had issues and was always so concerned about the employees and doing what was right for us. Prayers for his family and friends!! He will be greatly missed!!

“ Sincere condolences to the family. I am so very sorry for your loss. May God provide the necessary peace and comfort to your family and friends during this difficult time. Please remember these words of encouragement from the Bible: “Jesus plainly told her: I am the resurrection and the life. He that exercises faith in me, even though he dies, will come to life.” —John 11:20-25.

“ Dan Scott did so much for the safety of Fayetteville VA Medical Center patients and employees over many years as AFGE President. He was a champion for justice and equality for all employees, all guided by his strong Christian faith. Our loss is heaven’s gain. I believe the Lord will say: Well done, My good and faithful servant. Thanks to Dan for his service to our country in the military and to our veterans.

Condolences & prayers going out to his family. Dan was a really nice man we shared a lot of laughs together over the years working at the VA. He done a lot for the employees at the VA and he stood by each and every one of them so they would be treated right.

Rest in peace my friend.

You rode high this time.

God has another Angel with him in Heaven.

“ Dan was a good friend to me and many others. He was devoted to the AFGE Union at the VA . He wanted to do what was right in the world and worked very hard for us. I so admired him.

The last time I called him he answered the phone saying, " I am still alive". We would joke about how many serious health crises he had made it through over the years. He was such a fighter.

Goodbye, old friend. You can rest now.

“ I remember Dan playing Santa Claus at an AFGE Christmas party. He said "I can't believe I am dressed like Santa- not my personality." My daughter loved him as Santa and talked about him being the best Santa ever and the first one she was not afraid of. I sat across the table from Dan in a few discussions and next to him when he represented me. He was the quiet, attentive bear in the room. He represented the employees well and you knew he had your back. May he rest in peace.
