“ I was 3 or 4 and Art had just come home from nam and was living with us in West Fork and art had accidentally ran over my tricycle in the drive way at like 3 in the morning he made daddy get me out of bed and he was crying and apologizing for flattening my tricycle he was afraid I would not forgive him. I told him I wasn't mad at him and I forgave him but I then told him I should not have left it in the drive way so I am sorry I made him cry and he laughed at me with daddy and gave me the biggest hug !!! Art had lots of struggles but he was a goof ball and a super awesome dude I am glad I was able to have some conversations before he ended up in hospice. love you cousin will miss you !! I know mom will probably only catch turtles so just out fish daddy n uncle Jerry up there ok!

“ Art was like a big brother to me. He always had a great sense of humor and could find a way to make anyone laugh. In the last 15 years I would call him while he was over the road driving. We would share life and cry, laugh, scream, get mad and reminisce about our past. I will miss you! We both had our struggles in life, it was a blessing to have a brother that understood that part of me. I will be praying for my family that God would give the peace that passes all understanding.
