“ Pat, It has taken me several days to do this. I loved Scooter with all my heart and looked up to her as my ideal. I always wanted to be like her as I just saw her as perfect. I was making an omelet for breakfast Sat. and remembered her science fair project in junior high (from the tiny spot of an embryo through the stages to make the chicken). Such a silly little memory but she touched my life in so many different ways. She was so cool, beautiful and unassuming. What wonderful memories I have of our friendship and feel so blessed to have her for a friend. So glad the two of you could spend a night with us this year. I know she is with God and not suffering anymore and will be there to welcome us when our time comes. May God comfort, hold and strengthen you, Susan, Keith, your grandchildren, Betty Sue and Jack. All our Love.

“ Dear Susan, Pat and family -I just wanted to let you know you are all in my thoughts and prayers. Although my plans to get there for visitation didn't materialize, please know I am with you in spirit. Reading all of the memories people are sharing tells me alot about the spirit of Scooter and describes my friend Susan to a tee! God Bless you all. Love & Prayers!

“ One would have never known the suffering Deloris went thru, before the last time I had the great opportunity to visit with her. She was the shining glory that met me as I walked in to the '60 class reunion. Always happy and smiling, and a very favorite student of mine. My prayers are with you, Pat, and all those she is leaving behind. We know she is in a great place. Dolores and Jerome Nunnally
