“ I like to believe that when we lose someone close to us, they still live through us and give us strength. The time we have spent with those we've lost makes them part of us.

I am glad to have known Lena. I realize that you have lost a special person.

No one will ever be able to replace her she was really special.

I'm really happy for her because she feels no pain any more.

Unfortunately for those left behind, we still feel the sting of loss.

Words do an injustice in explaining how much we will miss her.

Lena will remain very alive in our memories and admiration.

I have felt lucky to have known Lena. I can't imagine losing a blessing like her.

I am not good with words.although I hope you can find some comfort from them now. I love you all and will surely keep you all in my prayers.

Thank you so much for your kind words. Being her daughter, she always made me feel so special. She was a very loving person. She'll be greatly missed. But I can rejoice that she is in a better place & at peace.
