“ I moved to Springdale High School from Batesville my junior year. Although I didn't exactly fit in at SHS (hippy), Gary was an immediate supportive friend. Me, Gary, Mike, and Fritts had some good times.

We were at a party one time when some red neck kept trying to pick a fight with me. When it looked like I had no other choice, a big hand sort of picked the guy up by the neck and said, "If you mess with Baber, you're messing with me". The rest of the night was quite harmonious. He always looked out for his friends.

I spoke with Gary by phone a couple of years ago after I moved back to NWA and we planned to get together. I regret that we didn't get it done. That's what I'm taking away from this: get it done.
