“ *What can I say that everyone doesn't already know? She was so special to me and everyone who knew who. Mama loved everyone and they loved her.*

Mama, told me one time that she still felt young she was just in an old body now. Sure most of us have felt that way at times. She was full of energy and always loved to go places and see friends. We will all miss her so much, her laugh, her sense of humor, her touch, and her love which meant so much to me. But even though she won't be here in body her spirit will always be with me and I know she will always watch over all of her family and friends until we can be with her again. She will be everyones guardian angel and that gives me great comfort. I love you dearly mama.

“ I never knew Gayle, but I want to send my condolences to Donovan, who was a classmate of ours 50 years ago. You were fortunate to have your Mother with you this long, but one is never ready to say "goodbye" to one you love. May you find God's comfort. "The eternal God is your refuge, and underneath are the everlasting arms." Sincerely, Alice (Grusing)Hedlund
