“ You were my big brother and my constant throughout my life in good times and bad. We skydived together, we laughed at our inside jokes, gave each other a hard time and genuinely just loved each other. Thank you Andy for always loving me! I am so grateful I got to see you in June. I would have never guessed it would be our last. I was already planning for this next year. May you rest in peace and know you were loved unconditionally. I love you Andy so very much my sweet brother❤️
