“ *Barbara,*

I knew Golda for many years. I did her hair at Hair Design in Springdale. I love her kind and quiet ways. Her love and concern for you and other family members. She was a priceless person. I know you must miss her. I wanted to let you know that I went by the cemetery to see her plot. Her stone has been moved closer to the road (as if hit by a car/lawnmower). Also, the the top stone piece has slipped off. You may need to make contact with the Bluff. I was sad to see that, but sure it can and should be fixed.
