“ *To the family of Grandma Jackie - we miss her dearly. I remember going to California to see her and uncle Toob when I was five. And staying overnight with her when she was in Purdy and making peanut butter cookies. She was there for my many milestones in life. She will always be my grandma Jackie. Love, Robin (Dyer) King*

“ *AWWWWW Sweet Grandma Jackie - Thank you for teaching your grandkids how to bowl with a ball and whatever you could find around the house to pose as pins. Thank you for teaching them how to make choc cake and what the smell of your brown beans smelled like in a house full of love. Thank you for making tents out of sheets and blankets and make believing that they were camping outside. Thank you for all the handmade gifts you made with those sweet soft hands of yours. May you be a peace now and sitting and visiting with Mr Sam. We love and we will miss you!!!!!! Thank you for being in our lives. Doug - Benessa - Baley - and Connor*
