“ *Carolyn, Denise, and the Halbert family; I know it has been many years since I have talked with James. However, believe it or not, I have thought about you'all often. It is with much sadness that I found out about James passing. You and James were and are very special people, and we had many happy experiences together. I know you will miss him greatly. “ Jim was a very special person to everyone who knew or ever met him. He will be greatly missed by his wonderful wife, Carolyn, his family and the vast sea of friends. He was the very heart of the Wedington International crowd. Jim has a new endorsement on his license now, one that does not require an airplane to fly.

“ Carolyn I am so sorry to hear about James. James and I had a nice visit at our class reunion. We talk about cattle, airplanes, helicopters, dogs, football (Arkansas and Alabama) and family, and he love them all. May God be with your family during this time.

“ There is no telling how many dinners and movies that we went to. Everyone was special with Jim and Carolyn. The fishing trips were great. But some of the best memories are when the boys were young and we would get together for holidays and birthdays. I consider Jim a family member along with Carolyn. They are both special people who make a difference in your life.

“ *I have know Mr. Halbert since 1977, when I was a student at the U of A. At that time I was trying to pay bills by inseminating cattle. He helped keep all my supplies up to date and always gave me good advise.*

After graduation I became a Naval Aviator. When home on leave I always tried to stop by and say hello and of course we had more than a few conversations about aviation.

When I became interested in the purchase of a small plane he was happy to give me the name of someone selling a plane.

Unfortunately, I never did get around to buying the plane but he gave me a lot good information about general aviation.

He always had a smile every time I stopped by to see him, and was never to busy to stop and talk.

He will be missed.

“ Jim was such an important part of my parent's lives. He was one of those special people who made everyone feel welcome, and I don't think I ever saw him without a smile. I've heard so many great things about him. He made the world a better place for everyone lucky enough to know him.

“ I did not know Jim as well as my parents. However, I feel like I knew him well because of how much my parents talked about him. Jim and Caroline are fun, giving, and wonderful people. Jim gave my son a ride in his piper cub and he will always be remembered by him for that. I will always remember him for the friendship and love he gave my parents. He will be missed deeply.

“ I had the privilege to meet Jim many years ago when I worked for another Vet supply store, he tried so very hard to get me to come to work for him at his store. I had never met such a wonderful person with a heart of gold and a smile to go with it. Our thoughts and prayers go out to his wife Carolyn and daughter Denise and also to Dick Stamps who had the privilege to work so closely with Jim for so many years. I can say that we have all lost a very dear friend. He may be gone but he will never be forgotten. Wonderful memories come to mind when I think of Jim. Sincerely Mary and Dennis Isaac

“ Carolyn, Denise and family, I so shocked to see Jim had passed away. I got the morning paper and saw his obituary. I have many, many fond memories of all of you. I watched Denise grow up. I remember the very first store in the shopping center across from the current store. My prayers are with all of you at this sad time. Jim's sense of humor is what I will remember the most.

“ Jim's absence at the airstrip will be felt for a long time to come. I can't help think how lucky all of us (not just those in the 'airplane community') are, to have known someone who will be so incredibly hard to forget.
My thoughts are with you all.
