“ Memories of my teen age years were some of the best times I had in my lifetime. Not one day went by that I didn't know what, where, who, when, and why about James and his younger brothers. Barbara Sue knew everything about these guys. They were such a big part of my life! When the family moved from Phoenix to Arkansas, it left a big empty feeling in my life. As time went by it was filled with things that gradually took up that space. The saying "if I could turn back time" seems to be weighing on me right now! It always takes a funeral for such a rude awakening of what really matters. Knowing that I serve a big and just God there is a hope that I can see him again. Only God is the judge of all. Let's just be ready in our own walk to meet Him when the day comes. To the Hester family, time might have gone by but my love for all of you is bigger than ever! I'll see you again!

Love you,
