“ *Will miss the both even though we had not seen him in years due to our poor health. I feel like I should have gone first after all I am older than he.*

Our thoughts and prayers are will you all.

He was closer in age to Tony Edward and I remember they made up games to entertain themselves. So in a way he was more like another little brother tagging along. Times and miles made us drift apart but thoughts were always near. I do remember all the Noland boys could swim like fish and paddle boats!
