“ *John was a great childhood friend and throughout H.S. We seldom saw each other after graduation but when we did cross paths it was fun to remember all the fun we had growing up, ending in a road trip to California in his '69 GTO. RIP John, you will be missed.*

“ *We raised hell growing up. WE where always getting in trouble but we where always there for each other. I remember one time in high school we where racing your Charger around the high school football field like it was a race track(and yes we got in trouble). Always laughing and making jokes and pranks. That is what brothers did. Love you my friend,my brother and till I see you again watch over me. RIP*
