“ *I don't know how to do this without you.... From the moment I found out I was going to be a big sister, and to top it off I was gonna have a baby brother oh my heart knew what true happiness and hope was for the first time in my life. It's impossible to pick out one or two amazing memories I have of you.... Because from the first time I held you I was so blessed to have 28 years of some of the most beautiful, epic, in stitches hilarious, sometimes frustrating, but always always amazing memories of the most bestest goodest baby brother. Jonathan my sweet sweet boy who once literally threw your butt through a wall when you didn't get your way when you like 6 or so I hope you know how much you are loved. I miss you so much I never imagined my world without you in it and can't even start to grasp how extremely hard, painful and lost I am without you baby boy, but I'm truly so grateful I got to be your sissy that no matter what I will do my best for you for always.*
