“ *Jonathon was one of my first friends I ever made in kindergarten. Since then me, Jace, and Jonathon always laughed together in elementary school. I tried to stay as close to him as possible at Hellstern. In 7th grade, I moved to SOI and have missed him and Jace dearly. I have heard the news since his death but have not found this website.*

“ I am heartbroken for your loss. Jonathon was in my 6th grade Science class two years ago. He was a model student student and a joy to have in class. I remember him as hardworking, kind, well-behaved, helped others, and always had a smile on his face. He even used to go out of his way to say hello to me last year when he was in 7th grade. Your family will be in my prayers. My God bless you, hold you and comfort you.

“ *John was an outstanding student & musician. He was really excited about playing the clarinet & bass clarinet. We could always count on him learning his part and helping others. John's leadership made a great difference in the band. Other students looked up to him and respected him. John will be greatly missed. His memory will remain in our hearts forever.*

“ My little brother is Harbin Laney, John was his best friend. They used to play Minecraft together and John and I had an inside joke. When I would walk in my brother's room, I could hear John from the headphones saying, "Is that my best friend?" It would drive my brother crazy because the two of them were best friends. John and I would call each other best friend to get on my brothers nerves and it was so funny. John was the sweetest boy, and it's such a huge loss to us all. He's made such a huge impact on my family's life, and he's made a huge impact on me as well. He was a kind person, and the funniest little boy, polite as well. Oh my goodness, he was the most polite kid I've ever met, his parents raised such an amazing child! The whole family loved him when he spent the night. Our whole family misses his sweet smile, and his ability to pass it on to others.

Oh Haven, thank you for sharing such sweet words about our John-John. His dry humor was one of my favorite things about him. Thank you and your family for loving him.

“ Jonathan was a student of mine last year at Hellstern Middle School. He was in both my advisory and my Advanced English classes. Jonathan was such a bright spot in both classes. I will remember him for his quiet, unassuming nature and easy, shy smile.
