“ It is with a heavy heart I write this. I worked with Karen at the health department. She will be missed so much, she was an asset to the health department and a wonderful woman. She always had a cheerful outlook and was willing to help you and had an infectious smile and personality. I will keep you all in my prayers. May God hold you in the palm of his hand and comfort you through these difficult times

“ My thoughts and prayers are with you at this difficult time. Karen and I worked together at the Health Department in the past. She always had an infectious smile and brightened everyone that was around her day. Her cheerfulness and great sense of humor made the work load seem lighter and the day shorter. She will be greatly missed.

“ Karen has been an inspiration to me here at work She's always there for me when I need help. I attended her wedding and she's so happy that day. I will always remember her smile that day. There is hope for us to be with her, when Jesus comes the second time and you will reunite with her and her friends and love ones. That is our blessed hope.

“ Gary, I can only image the pain you are feeling at this time. I only had the honor of knowing Karen for the last two years but it did not take long to see the wonderful person she was, always looking out for others with a smile and wonderful laugh. Though you have lost your angel here on earth know that she will be watching over you from Heaven and wanting only the best for you.
