“*Kendel and I were very close in high school. We used to have hand stand contests. He was so funny and entertaining. I remember him showing me how he was double jointed everywhere and he could move his eyes quickly right left right left LOL I wish I had stayed in touch with him now but we grew apart when I moved to Connecticut after high school. One night I snuck out my bedroom window to meet him at the end of my driveway to go driving around in his old pick up truck. We were really close friends back then. Rest in peace lovely soul and thank you for all you did for those animals and for our country. I will see you on the other side when we can walk on our hands as long as we want! “*I am so saddened by the loss of such a great man and friend. He made working wretched hours in wretched conditions nothing short of fun. His smile and laugh were infectious and I could always count on him for a smile and a laugh! Juggles, my friend.*
