“ Drilled well for us, we told him to go to at least 5gal a minute so he called and said down about 200ft got 2 gallon we said keep on drilling. About 2-3 days later he called an said hedy got me a little more water, I ask how much did he get he told me he didn't know but that it was 25 + and I could probably supply 3 houses and 50 head of cows. My opinion he was the best I ever met and a fine honest man HE will be missed by many many people.
