“ Larry, our eldest brother, was already grown up and in the Navy when I first remember him. He was 15 years older than Ray and I. One of my memories was he and Linda were just married and Larry, Linda, and I hopped into his El Camino to go somewhere. I scooted in next to him and he smiled and said no "one gets between me and my wife." So out I scooted and Linda slid in next to him. I think that has always been true of him and his love for Linda. That's always made him extra special to me.

“ Memories of Larry and Jane. We had 40 acres of tomatoes that we planted, weeded, and picked we did this while our dads went to the sale barn later we might bed back to California and Larry joined the service that is when the fun began he had a friend David and on their leaves would go pick them up and bring them to the house for r & r when returning them to the base we would hope I my 1946 Ford coupe and head down the freeway with the boys yelling to go faster but I knew that dad would have done all of us in if we would have gotten a ticket. The good old days. I am thankful for all of the good times we had

My prayers go out to all of you at this time
