“ *This woman was made of steel. She out lived a granddaughter, husband Garner...6 children Carolyn, Garland, Debbie, Lena, Wayne and Joe. Just think the hurt this woman suffered everyday of her life just missing her children, I couldn't even imagine the pain. She was the most wonderful woman I have ever encountered! Tough as nails! Yes, hard to live with and to take care of, but I tried! Never regret the time I spent with her nor do I regret saying "I can't do this Lela". You just made me a much stronger woman today than I was when I took you in. Never told you "I love you "but hope my reactions showed you love. Didn't get to say good by but I'm saying it now. I love you Lela and your memories will be with me forever. Fly high and tell all the Family we love them. I know your having a awesome reunion with all the kids.*
