“ I spent approximately 60000 hours with Marianne. According to my calculations. During that time we lived thru changes on how we worked falmily issues and loss and even a couple national events. I admired her and valued our time together. She not only taught me about work but also life. Marianne was poised confident and a force to be reckoned with. I will miss her every day and will keep in mind that putting lipstick on will make will everything better. Love u Marianne.

Marianne was a fun and caring classmate. Our Class of 1965 has quite a few who greeted Marianne on Friday and we will see all of them again.
Comfort and peace for the family.

“ My son Jordan and I will never forget the time Marianne helped us make a sign to put in our cousin James' yard to reflect the opposite of James' political views. I laughed for days over that. Marianne had a great sense of humor.

“ I am so sorry for your grief Eric and Woody. My brother and i enjoyed going to Eric and Marianne's home to play with star wars figurines and eat snacks. My mom absolutely LOVED having Marianne, and Woody come over and drink beer, eat her seven-layer dip, listen to urban cowboy-era music and dance around the living room. Among her favorite memories was going to the y'all come back saloon in Fayetteville and dancing and having fun with yall.

Marianne's kindness to mom after her hip replacement brings a soft grateful feeling in my heart.

I hardly know what to say- I am very sad about her passing, but the fact she was surrounded by loved ones is the best we can hope for. Thanks, marianne, for the sweet memories, and your love for my mom.
