“ *I had no idea Ms. McKim passed away. I remember the lectures she gave during Med/Surg. Even though she had a stern look, she also had a great sense of humor and had me laughing so hard. She will be missed very much.*

“ *I had no idea Ms. McKim passed away. She was one of my Med/Surg instructors. She was one of my influences as a nurse. She will be missed.*

“ *Marilyn was just around every corner when I worked house supervisor at WRMC, "herding her flock". Her dry sense of humor, twinkling eye, and calm could turn the most serious of situations into no big deal. She was a hands on nurse who left a lasting legacy. She will be sorely missed.*

“ For all of us who had her as an instructor, we became some of the very best nurses due to her above average expectations. Thank you my friend and enjoy your wings!!

“ I will always remember the discipline and pride with which she held herself and her students to. She had many students who she taught who became wonderful nurses in our community. I remember her well from my days as a med surg nurse at WRMC. She didn't let her students scrape by. They Worked!

“ One of my favorite instructors at Baptist. In the first class that went through, I can still remember the girls crying when they found out they had her for the hand-washing practice. Such a dry air about her, but what a fabulous personality. I had to laugh to myself when they were crying, because I had already become friends with her, and knew what a heart was beneath that quiet and stern facade. Oh, the times I spent in her office, ranting and venting about how was I going to make it through school. And I remember my first day of clinical, standing outside my patient's room. "Have you met them yet?" "No, they're asleep!" She quite literally pushed me through the door! "Wake them up!" We laughed about that forever. What a woman, what a nurse, what a clinical instructor, what a smoking buddy, what a friend!

“ My deepest condolences. Marilyn was one of my favorite instructors and nurses. I first had the privilege of having her as an instructor at Har-Ber and then blessed to continue to have her as a friend. I can't even put into words how much she meant to me as I am still in shock over losing her. She was a blessing. I love her.

“ I am a better nurse for having been under your instruction, Ms. McKim. You were tough but fair, and you were always ready with a story from your many years in service of this great profession. May you rest in peace.

“ I worked with Marilyn many years ago in education at WRMC. She made my oldest daughter a beautiful knitted blanket 24 years ago, that I still have today. She was so knowledgeable about so many things and was a mentor to me as a young nurse in my first role as a nurse educator. She contributed to the profession of nursing in such a positive way. She will be missed.

“ I can't believe she's truly gone. What a wonderful person and teacher Marilyn was. She once told me she didn't become a Dr. because she wouldn't have had the time to spend with patients like a nurse did. I was so lucky to be one of your students and best of all a friend after I graduated. God speed until we meet again.

“ *RIP Ms. McKim! Best teacher at Har-Ber by far. I also want to let all know how helpful she was in taking my mother-in-law under her wing at Culpepper. I was fortunate to see her several times since Har-Ber and she was a "light" to all nursing students. So glad you are free from our flesh body now!*

“ *So sorry to hear about Marilyn....She was one of the absolute best instructors at Har-Ber School of Nursing. She was tough, but nurturing. She made the information stick!! When I graduated in 1999, she was so excited for all of us to start our nursing career. Our class went on to have a 100% pass rate for the NCLEX, and she was so proud. What a great person, she will be missed. Karen Chrisman McCratic*
