“ *My Dad. Although I outgrew you I always looked up to you. I guess I still do. I love you, Dad. Until I get where you, Mom, my son, Grandparents, and so many family and friends are waiting, I know you will keep them all laughing. Or possibly arguing too. I'll try to do my best with the things you have taught me and honor the things you've expected from me. Good bye, Dad.*
