“ *I remember going to her house for sleepovers alot, and before she went to bed she always watched Wheel of Fortune, and most of the time the next morning she would take me to the movies. She was always calling my dad up and asking him if we wanted to go to the movies. That was one of her favorite things to do.*

“ *Jeanie introduced me to "fried" mushrooms and I think of her every time I am sauteing them. Linda and I boarded the train to Kansas City area and stayed with Jeanie in her upstairs apartment. She was so gracious and those memories have never been forgotten. Linda, you have been blessed with a beautiful sister. Gayle Lewis*

“ From Gail Ogran

I knew Jeanie back when she lived in Wisconsin and later when she taught school in Mission, Kansas area. She was such a happy cousin and always had a smile and positive attitude. Even though I had not seen her for a long time, I will always have a special place in my heart for her. Thoughts and condolences go out to Stephen, Linda and Brian.

“ *I loved working with Jeanie at Northside for many years. She taught my daughter, too. We reconnected a few years ago and started a monthly get together. She was always so interesting to be around and she will be missed by so many who had worked with her through the years as well as so many students whose lives she touched.*

“ *I remember Jeannie the most when she went to John Brown University and Linda and I went to visit her and wanted to spend the night with her in the dorm. She was totally opposed to the idea and refused! But we had a good visit and it was the first time I had ever visited a college campus. She really was a good big sister!*
