“ *One thing I remember about Aunt Patty is she was always there when we needed someone. She was there for games, parties, field trips and sometimes just to watch a cool movie. She was always at Grandma and Grandpa's house for a visit. She was always there when it mattered most. A lot of times I don't know what I would have done without her. One of my favorite memories with her was when I was probably 12. She went with me on a Silver Dollar City trip for band. She got us cute coin purse's and she had put a bit of money in them so we would have money for the park. I always thought that was so cool! She was so loved and I'm going to miss her very much.*
