

Patti Beavers

May 7, 1945 - September 7, 2021

Patti Beavers, 76, of Elkins, passed away on September 7, 2021.

Born in Portland, Oregon, Patti moved to Bauxite, Arkansas as a teen. After time spent in California and graduating from the University of Texas with a B.S. in Speech, Language and Hearing she followed her love of the land back to Arkansas. Local and loyal to the Arkansas Ozarks for over 50 years, Patti enjoyed time with family and friends, being outdoors, creating art and she was an avid reader.

Survivors include her husband, Gordon Beavers; her mother, Anna White; children, Mark Smith and Emily Neal; brother, Doug White, and four grandchildren, Blake, Adrian, Cooper and Millie.

Although there are no services planned at this time, family and friends are planning a memorial later this Fall in Kingston as she requested. Please reach out to the family for more information. In lieu of flowers and gifts, she requested donations be made to St. Jude Children's Research Hospital and/or The Arkansas Audubon Society.

We would like to thank her Circle of Life Hospice caretakers for their kindness and calmness during these difficult last weeks.

“ Patti was my grandmother and had a sharp wit and a kind heart. She had a soft spot for the weakest creatures among us. This soft spot gave her a passion for helping nature when she could. She was a great teacher of empathy and could help you imagine the life of a little of bug on the sidewalk. This lesson was one of the most important ones in my life because as I grew up it reminded me that one of the blessings of being human is the ability to help another living thing no matter how small you may feel. It also gives me empathy for myself when I feel as insignificant and powerless as a bug on the sidewalk. If there is anything she would have wanted now that she is gone, it would be for the happiness and self-care for her loved ones as well as passing forward a mindset which considers the life of more than just oneself in decisions. I love you Patti and will miss your emails trying to reach and pull out the side of me that can dream of a better future and stand for it. I will work my hardest to make sure I stand up for those around me and have the bravery to face a majority opinion and say no. Thank you Grandma Patti for everything you have done for me and those around me. I can't believe you are gone. I will really miss visiting you and living life at your relaxed, at peace, pace. Whenever I think of a life without stress this is what I think of. I am so sad that you had to pass on though I know the Kingston land will make a great use of your remains (at least in your mind). Forever remembered and I know you live on through those you touched around you. Your next life is just beginning and I know I will do my part to make sure that the memory of you is passed on to and lived through by those who become close to me throughout my life. Love you.
