“ *Dear Sonny, Johnny and families, I was saddened to read of your mother's passing. Your family were such wonderful neighbors to us. We lost track of her in the last year or so. She was such a dear lady.*

“ *Pauline was a very special friend of mine. We met years ago in the Garden Club formed by Almyra Love. She was always giving me and my daughter, Katherine, starts of plants and shrubs. In fact, the double file viburnum that Pauline gave to her years ago is still strong and vibrant and blooms beautifully every year. We always say thank you, Pauline, for such a beautiful shrub/tree. It's huge. I know you will miss her, but, she had a long and wonderful life with her husband and her family. I know you'll treasure those times.*

“ *Sonny and Johnny, I was saddened to hear about Aunt Pauline but then I realized she was in such a better place-no hurting or anything. I thought back about all the dresses that she had made for me and my sisters, just everyday dresses or all of our prom dresses. What a very special person she was - she will be missed-Already missing all of her different flowers and she could name every one of them-Rest now Aunt Pauline-*

“ *Dear Sonny, John and families,*

My family and yours were neighbors all during yours and our growing up years. Our mother, Lucile Thompson was a dear friend of your mother's. Pauline was such a wonderful person and my brothers and I have such wonderful memories of her and the great friendship she gave to our mother and our family.

Pauline was a ray of sunshine and we shall always remember her in the fondest way.

May God,through our Lord Jesus Christ, bless each of you.

“ Dear Irving, John & Families,
Please accept my most profound condolences on the passing of your mother. I remember well her kindness and extreme generosity in overlooking the rough & tumble antics of all us boys in our weekend adventures. Though many years have passed since those times; I will always fondly remember her and her stellar qualities. What a true Lady!!

*Most Resepectfully Sent,
Bill*
