“ *Penny you were a great friend and co-worker. I will forever cherish our many talks during late shift hours and you were always there to talk whenever the need arose. You always saw the best in people and always could see whenever someone need that extra hug or smile to get through the day. I will take the lessons you showed each and every day, and hope I can always see the best in people, because as you always said you never know what others may be going through always treat them with patience and kindness. I will miss you greatly, but you will forever be in my heart.*

“ You were always a ray of sunshine. You had a hard of gold and could light up a room. So caring and honest with everyone around you. You gave your all in everything you did. So full of life and joy. You were one of a kind. A loving mother, wife, and daughter. So full of life and accomplishments. You helped make the world a better place with your kindness and the beauty of your soul. You left an indelible impression on everyone you met. Heaven has now received an Angel ready for duty. Ready yo reunite with your baby that preceded you there. Thanks for all you brought to this life. Heaven was missing an Angel, but now shes home. God Bless You and your Family in this time of loss.
