“ *Randy started working at Harps on Sunset shortly after I started there, August 1983. He was such a great young man to work with. He always had a big smile on his face and always had such a great attitude. My condolences to his family. I am sure he is looking down from heaven with that big smile on his face. 🙏*

“ *I only saw Randy once without a smile. I remember that because he was always smiling. Curtis and I both worked at Harp's with Randy and with Tracy after she started working there. I remember that, after he met her, even though he always smiled-he smiled even bigger and broader. They became members of the “met and married at Harp's” club along with us. Our thoughts and prayers are with your entire family as we realize that this was an unexpected and great loss. ❤️ Shara and Curtis Stacks*
