“ I worked with Bob for almost 14 years. What I most enjoyed about him was his sense of humor and his great stories. Even now I can hear him humming as he worked. He will be missed. My prayers go out to his family and many friends.

“ I will always remember Bob's smile as he softly hummed his favorite tunes while working. No matter what trials came along, Bob always had that smile. He was naturally gifted with lab skills. More importantly he was gifted with great skills as a great friend. I enjoyed every moment working with Bob. My sincerest condolences and prayers go out to all of your family. We are blessed that he gave us three wonderful children to carry on his name, smile and memories.

*Deepest respect,
Trace*
