“ *What does a person say when someone still young suddenly passes away. Someone that you have known for soooooo many years. Someone who at one time was a very important part of my life. There are so many stories and memories that could be shared that it would take up a entire book if I wrote them all. Even tho there were many years where we had not communicated there was still a friendship that literally lasted a life time for Sandi. So on this sad occasion I will say goodbye to a longtime friend. And to the family that has such a very special place in my heart and life I love you all and send a great big hug to all of you.*

*With Great Love,
David Thompson*
