“ *Wherever I trod; wherever I roamed; there was always two people beside me. One held my hand but stayed out of sight. The other was a presence, a force, a whisper, clinging to my side as if permanently attached. That one was you Stan. I never imagined my life, my future without you by my side. Now I'm what is known as a Twinless Twin. I am thankful God never let's go of my hand. Saying I miss you is an understatement. Words cannot do justice for how I feel.*
