“ *I remember one time my dad had got a 64 Chevy pickup from my uncle Marvin and monett Missouri and dad had drove it to cassville and it quit running. So Dad called Tom and Tom drove his Dodge truck to cassville and pulled dad from cassville to Garfield. And dad found out that it had water in the gas and dad was able to get it running. And another time dad had colon cancer and by the time the doctors had found it they thought it had gone too far and so everybody was there when they took Dad down to surgery and of course I was very very sad and crying and Tom came over and sit with me and we started telling jokes and laughing and I wound up going with Tom to Tom's place in Springdale and I had a really good time with Tom and Lou Dean and Donnie and Bobby! He made me feel a lot better and then God gave dad back to us for quite a few more years and Tom was with me and Mom when dad was in the hospital for the last time in Rogers and passed away. I haven't got to spend very much time with him but I enjoyed every time that I got to be with him and I'm very sorry and sad for Tom passing but I know that he's having a great time with the Lord and everyone in heaven!*
