“ *I also worked with Bill for about 10 years. I was one of the secretaries at Fayetteville Mechanical during the 90's. My desk would be the first you'd hit coming in the front door. Bill was so much fun!! He pop in the front door heading to his office singing "Black Betty Bam Ba-Lam... Whoaaaaaa". Once I was eating an apple at my desk. It took quite a while to eat it between answering the phone so it was getting brown from the air. Bill came in and said "Gross, Tracy.... Look at all that brown crap coming off your teeth" Oh, he was a blast!!!! Rest in peace sweet Bill !*

“ Bill was a true friend to Gina and I for over 40 years. He stood at my wedding as my best man and was there for the birth of both our kids. We worked together all that time and I knew there was no one else i wanted to start a business with. In 2002 we took the plunge and started Professional Air Systems with one truck and two ladders. He was known in the construction community for his knowledge and his honesty. Since then our work team has grown and still we treat each one like family. I feel the loss of a brother. "Miss you buddy"

“ Bill was a true friend to Gina and I for over 40 years. He stood as my best man in our wedding. He was there for the birth of both of our kids. So many good times in our personal lives. There was no one I wanted to start into business with other than Bill for his knowledge and contacts with the construction community. We took the plunge and started Professional Air Systems in 2002 and never looked back. It began with one pickup truck and two ladders, and through hard work has made a living for many families. Bill and I always considered our team part of our family. He is the loss of a brother to me. "miss you buddy" Tony and Gina Knight

MS

No ma'am. My family lived across the the street on Shackelford Dr. In Greenville Ms. Michael J. Lived on another street in the neighborhood. Bill and I played a lot of backyard football at his house. I'm so sorry to hear about his passing. Time and distance took over as we grew up and didn't stay in touch as we grew up. I will always remember Bill and as I grew older I would reflect about my past and Bill would always cross my mind and I would wonder how he is doing. I pray that God will comfort you and your family during this time 🙏

“ I am so so sorry to hear of Bill's passing. I haven't seen him in years, but I worked with and for him at Fayetteville Mechanical for several years. He was by far my favorite boss of all time. He always had a good attitude and a great sense of humor. He would keep us laughing. Bill was good to his guys that worked for him too and he was respected and well liked by all. Bill was a good man, and he will be missed. My heartfelt condolences go out to his family and loved ones.
